Naran's process of creating IITians.

Student appear for IIT - JEE / AIEEE.

Students with burning desire to become an IITian.

Final Preparation *Major Tests and * Rehearsal Test for IIT - JEE / AIEEE.

Shaping Top Rankers * Batch and GEMS (Student) * Special attention to bright / weak Students.

Enhancement of Speed and Accuracy. * Test analysis * Guidance to improve performance scoring ability , question paper * attempt techniques etc.

Development of Problem solving skills * Doubt Removal Classes * Problem counter for IIT - JEE / AIEEE.

Learning basic fundamentals, concepts and their applications * Results oriented study material * Daily practice problem sheets.

Admission at Naration Pre-Engineering Batch.

Naran's process of creating Doctors.

Student appear for Pre-Medical Exams.

Special coaching to Rehearsal Test for Pre-Medical Exams.

Final Preparation *Major Tests and * Rehearsal Test for Pre-Medical.

Shaping Top Rankers Batches * Special attention to bright / weak Students.

Enhancement of Speed and Accuracy. * Test analysis * Guidance to improve performance scoring ability , question paper * attempt techniques etc.

Development of Problem solving skills * Doubt Removal Classes * Exercise for Pre-Medical Topicwise assignments.

Learning basic fundamentals, concepts and their applications * Results oriented study material * Daily practice problem sheets.

Admission at Naration Pre-Medical Batch.

OUR WORKING LINES

Authentic Strategies that will empower and transform you

- Would you like to be more organized and to manage your time better ?
- Did you know that you can develop a stronger awareness of the ways in which you learn best ?
- How would you like to better access you creativity and transform that energy to move forward on your goals ?
- Did you know that your brain function differently than anybody else's ?

If these question intrigue you click on the below to see how Narain Institute can transform your learning and your sense of self.

- Classes in all subject.
- Strict discipline.
- Regular test and their discussion.
- Highly competitive environment.
- Hostel facility available.
- Well planned Program of teaching and tests.
- Regular response / feedback from students regarding their level of satisfaction.
- Guidance regarding all information about forms for various competitive Exams For all courses , registration is done well in advance.
- To assist and guide a student in identify his / her strengths and aspiration about his / her carrer.
- To provide adequate information regarding various academic & competitive opportunities.

“ Our goal is to produce more Engineers and Doctors who are innovative, Critical Thinkers and have The potential to become leaders in their Respective field nationally and internationally”.

Message from the Director -

Narain Institute was established on 18th June 1998 for preparing students for various pre Medical and pre- Engineering exams.

The Institute has produced remarkable results in the last years and has made its presence felt through out India. Needless to say, all this could be possible only due to the proper planning at institute, sincere implementation of the planning, taking timely feed back from the students regarding their level of satisfaction and fulfilling the required from time to time.

Getting yourself in India's most prestigious Engineering Colleges (I I Ts) is the most important effort you can make to succeed in the today challenging world. The ability to transform your energy into a positive, goal oriented knowledge ensures success.

Narain is the only institute at national level which always had both streams of preparation Pre-Medical and Pre-Engineering having clear Bifercation of syllabus, curriculumms , planning tests etc.

Due to which Narain is known for its equally competent faculty among both Pre-Medical and Pre-Engineering aspirants.

As a Director of the institute , I am trying to amalgamate the Academic / Professional achievements of students with character building, sense of remaining disciplined in life and human touch in the students after they enter in their Professional career. I feel it utmost and sole concern to club the success in exam with human element in their Professional career. I shall be failing in my aim if I could produce only doctors in future without having a sensitive heart to share sorrows and worries of the poor who cannot afford high fee and better treatment in life. To me, a student is the best canvas to paint which revolves around a disciplined selfless and committed person.

Narain IIT - JEE / AIEEE / PMT Programs are designed to create students who have the ability to successfully meet the challenges of competitive world.

Narain Institute is known for its high academic standards : research driven curriculum and real environment coaching. We have created this environment by developing a rigorous program that features -

- Opportunities to teach and work with a selected group of today brightest and most energetic students.
- Small classes that enable close interaction with faculty.
- Faculty who bring brain and expertise into the class room.

Narain Institute

THE PLACE FOR HONEST GUIDANCE

Our mission is to work with students to build a relationship we call “ Partnership in success” a collaborative effort to tailor a program which incorporate their career and academic goals.

Our efforts exemplify our commitment to teaching for competitive exams, combining theory, practice and time management , and the results students are on the road to success. Since long, we have offered these resources to hundreds of many successful IITians and doctors and now we take pleasure in offering those resources to you.

I urge you to take time to our program, you will discover an outstanding opportunity to learn in a supportive and intellectually stimulating atmosphere.

I am fortunate enough to have the association of very dedicated faculty and staff members without which these heights would be only a dream.

Wishing you a fulfilling and brighter career.

K. D. Singh

COURSES OFFERED

Pre-Engineering 7
Pre - Medical 8
Academic Courses 9

PRE-ENGINEERING

I. Pre- Engineering -

1. CRASH COURSE FOR AIEEE, UPSEE

Duration - 35 to 40 days.

Eligibility - XIIth passed or appeared for class XIIth

Course - From IIIrd week of March.

2. REGULAR COURSE FOR IIT - JEE , AIEEE & UPSEE

Duration - 1 year after class XIIth

Eligibility - XIIth pass

Admission - Through admission test at the Institute campus or at the specified centre allotted by the institute.

3. FOUNDATION COURSE (XIIth Plus JEE)

Duration - 1 year after XIth

Eligibility - XIIth appearing with PCM group

Admission Process - Application are invited from the last week of March.

4. EARLY FOUNDATION COURSE (XIth Plus JEE)

Duration - 2 year after class Xth

Eligibility - Xth passed

Admission - Through admission test, application are invited from First week of May.

5. PRE-FOUNDATION COURSE (Xth Plus JEE)

Duration - 3 years after Class IXth

Eligibility - Xth Appearing

Admission Process - Application are invited from last week of March.

6. TEST SERIES & CORRESPONDENCE COURSE

Duration for Xth pass - 2 years

XIth pass - 1 year

XIIth pass - 1 year

Admission Process - Application with photocopy of Xth or XIIth marksheat.

Course from - 1st week of May (For Xth & XIth pass student) and 1st week of July (for XIIth pass student).

PRE-MEDICAL :

1. CRASH COURSE FOR CPMT

Duration - 45 to 55 days.

Eligibility - XIIth passed or appeared for class XIIth.

Course - From IIIrd week of March.

2. REGULAR COURSE OF PMTs (CBSE , AFMC , AMU , BHU , AIIMS & CPMT)

Duration - 1 year after class XIIth.

Eligibility - XIIth passed with PCB group

Admission - Through admission test at the institute campus or at the specified centre allotted by the institute.

3. FOUNDATION COURSE (XIIth Plus PMT)

Duration - 1 year after XIth

Eligibility - XIth appearing with PCB group.

Admission Process - Applications are invited from the last week of March.

4. EARLY FOUNDATION COURSE (XIth Plus PMT)

Duration - 2 years after class Xth.

Eligibility - Xth passed.

Admission - Through admission test, applications are invited from first week of May.

5. PRE-FOUNDATION COURSE (Xth Plus PMT)

Duration - 3 years after class IXth.

Eligibility - Xth appearing

Admission Process - Applications are invited from last week of March.

6. TEST SERIES & CORRESPONDENCE COURSE

Duration for Xth pass - 2 years

Duration for XIth pass - 1 years

Duration for XIIth pass - 1 year

Admission Process - Application with photocopy of Xth or XIIth Marksheet.

Course from - 1st week of May (for Xth and XIth pass students) 1st week of July for XIIth pass students.

ACADEMIC COURSES :

IX , X , XI , XII , ICSE , ISC , CBSE & UP BOARD

[PHY , CHEM. , MATHS. , BIO. , COMMERCE (Account) , English & Computers].

This is an exclusive course designed specially for the internal and board exam of class IX to XII. It ensures exhaustive coverage of the syllabi and provides the students an understanding on which they can base their future preparations for competitive examination.

1. XIIth Board Preparation [ISC , CBSE & UP Board]

Duration - 6 to 7 months

Admission - Applications are available from IIIrd week of March.

2. XIth Home exam Preparation [ISC , CBSE & UP Board]

Duration - 6 to 7 months

Admission - Applications are invited from IIIrd week of April.

3. Xth Board Preparation [ICSE , CBSE & UP Board]

Duration - 5 months

Admission - Applications are invited from IIIrd week of March.

4. IXth Home exam Preparation [ICSE , CBSE & UP Board]

Duration - 5 months

Admission - Applications are invited from the month of April.

Biology 14

The World of Physics

Er. K. D. Singh

The top man. Widely acclaimed for his masterly work, "Problems in Physics & Physics Spectrum" his name is more than familiar to any student of Physics. He is held in high reverence by the seekers of his subject. One can hardly fail to notice his deeply logical approach during various class discussions. Behind his friendly smiles lies one of the prominent brains in today's world of physics teaching.

His extensive teaching career of IIT-JEE / PMT spans more than 11 years. He has been, fundamentally, a teacher turned author. "With expanding horizons of understanding with my experience, I identified a strong need for a good set of problems which can systematically clarify the doubts which arise in minds of most of the aspirants. The toughness level is maintained so as to give a good challenge to even the best of the students," he says Devoted in mind and spirit, he continues his efforts for training a whole fresh generation of best talent in the country.

The Chemistry for the Universe

The inimitable maestro, much of the chemistry teaching in Lucknow is has emerged from his very original approach towards the subject. Academic standards set by him are yet unparalleled, with most of the chemistry people (students and teacher alike) referring constantly to his notes and study material for guidance.

A milestone in Lucknow's success towards IIT- JEE / PMT , he leaves no stone unturned to improve the quality of his course. He has transported a full-fledged chemistry lab to the classroom "Striking class demonstrations leave an unforgettable impression on student's mind" explains. "They generate a spark of interest, which fuels them enough to passionately take up the subject." Chemistry comes to life in his classroom.

"What is the secret of his success"? We once happened to ask his students. "His extensive Knowl edge", said one, "His personality" says another. "He has a peculiar way of claiming most difficult topics 'easy', and at the end of the topic, they do become easy. When quizzed about secret of his own suc cess, he says, "May be because of my fascination, my fascination for the subject and my fascination for those who wish to share it".

The Game of Numbers

M. K. Shukla

One of the best teachers at the national level in his field, Mr. M. K. Shukla is regarded as a rare mathematical genius, intense and to the point, his lectures are known to have a keen sense of mathematical wisdom.

Not a single word he speaks is unweighed, he believes in precision. The exceptionally vivid and deep knowledge of his subject helps the student grow within the students.

He leaves no stone unturned to help out a needy and deserving student. "For me each student counts, each one must learn to the best of his / her capability" is his teaching philosophy.

"Do not fascinate the students by bombarding him with exceptionally difficult problems, showing him that he knows nothing and then spoon feeding him. In fact, the best teaching is a process when you can gradually uplift the student to a level where he suddenly discovers the solutions to a variety of problems himself. Successful problem solving requires flexibility and imagination on the part of student. Commonly these skills are developed by observation of examples and intense practice, both of which aim to supply through provoking lecture sessions".

A perfectionist, he can hardly tolerate even a minor error. It is not surprising that the best and most brilliant of the student community hold him as their ideal.

The Living World

T. N. Singh

The man who is widely acclaimed for his genius teaching of entire Biology syllabus and charismatic approach in topics like cytology and genetics, every year thousands of students qualify PMTs like CBSE , AFMC , AIIMS , BHU etc. under his able guidance, because of his unmatched command over the subject.

The topics of Biochemistry , chain compounds etc. which are generally left untouched or taught by providing sheets in other institutes are taught by him in such a manner that the subject becomes absolutely zero level tough for the students.

He has equally God gifted wonderful command over organic chemistry, from reaction mechanism to organic effects students enjoy his each lecture with ever lasting , never fading impression in their minds.

The class becomes a live 3-D theatre with his 3-D presentation of molecular structures which were once very difficult for the students to imagine now become a kids game for them and they feel immense confidence in the topics.

Due to his entirely different and joyful approach for the topics he is regarded as an exceptional maestro of the subjects either Biology or Organic Chemistry.

CURRICULUM

The curriculum prepares students to help, lead and manage success in a competitive world of IIT-JEE/ PMT.

The hallmarks of the include a common educational experience that prepares all students for success, a collaborative rather than competitive learning environment, competition driven concentrations, and program flexibility.

- REGULAR PROGRAM FOR IIT - JEE / PMT
- Problems for Room (PRW)
- Narain PLUS

REGULAR PROGRAM FOR IIT-JEE / PMT

THE ADVANTAGE :

A serious drawback faced by many of the students is poor efficiency in exams.

“ The paper was lengthy”

“ Oh ! I made silly mistakes !”

“ I wasted too much time on a particular question”

Such problems are common. But when we are teaching for a particular exam, it must overcome these shortcomings as well. Our Regular program has been exceptionally successful in eliminating these shortcomings due to its inbuilt feedback system.

The student attends a class.

The class is followed by an immediate test of 10 to 15 selected short questions (objectives) based on the portion taught in the class. A few questions are easy which an attentive student can answer. Then appear the application based questions, slightly tougher ones. At least three questions are designed in such a way that even the sharpest of the students should be able to feel the challenge. This is followed by an immediate discussion of the questions.

Any loose concept is corrected then and there.

PRWs for home work provide a thorough follow up for updation of the previous topics.

(PRWs consist of a set of carefully chosen questions periodically given to the student (on daily / weekly basis). Chiefly consists of problems from previous topics, specially those which combine previous topics with the current one).

Problems for Room (PRW)

PRWs are another major feature of our course. Today, the student learns a subject. After three months, what is the status of that topic ? Is it still up-to-date ? Not usually.

We have to remember that our students are not Swami Vivekananda who could memories anything and everything at a glance. Mastery of the topic demands thinking from various angles, trying out a variety of approaches. This enriches the knowledge of the child. Not just this, it also makes his / her mind more fertile.

IIT - JEE / PMT problems are no routine problems. Most of them involve getting an idea. How quickly you can get that new idea tests your intelligence. If you have examined a given concept in a hundred ways (while others examine it in 5 - 10 ways), the chances that you can get that 101th" idea in a shorter period of time are much higher. Note the word, " In IIT -JEE / PMT , time matters". Time is the major gruelling factor. Most of the institutes simply teach the subject and consider their responsibility to be over. We realize that it is necessary for success to teach both the factors. The subject + the art of how to write in exam. How to minimise errors, how to represent your answers for maximisation of scores, how to improve the efficiency : these are the points that are equally crucial as knowing the subject. These are the factors for which PRWs are an innovative and excellent tool.

NARAIN PLUS

Consistent with our emphasis on hands-on learning. Narain introduces a Plus-an exciting curriculum change that incorporates comprehensive development into the IIT-JEE / PMT Preparation to understand and remember the various intriguing facts associated with science.

NARAIN PI - WI CONCEPT

The perfect support

You have come to a new city.

You have left your home for the first time.

You are feeling insecure.

You have also started enjoying a brand new freedom.

IIT-JEE / PMT is two years ahead . Jaaldi kya hai yar! Kar Lenge ! Ek test Kharaab ho gaya to doosra hai. Doosra gaya to teesra hai.....”

Don't be shocked ! You can always say : My child is not like this. He / She knows how to manage himself. Agreed. But you must also remember that he / she is also a child. It is easy to be carried away, specially because there is no immediate IIT-JEE / PMT exams in schedule. Believe us, this is a real problems with many students. And we say this from experience. To overcome this problem, we have introduced a new PI - WI CONCEPT Normally coachings take a test every three weeks or so, without ever bothering about a feedback to parents. Also, a more test score does not reflect whether a child has been working hard. Sometimes , it so happens that he is not good at test performance although he is a hard worker. This inability sends him in depression and he performs still lower. He spoils the next test also..... it is a vicious circle.

These symptoms, if detected early, can be effectively cured. We give two indices : Performance Index (PI) and Work Index (WI). PI is based on the marks obtained by a student in the tests. WI is the special feature. Marks are given based on the -regularity, attendance, surprise tests and an oral test just before the class.This is to ensure that the student is working regularly, maintaining proper notes and solving work sheets. Once he is regular, believe us-he will be unstoppable at IIT - JEE / PMT.

CHECK MATE

One month remains for IIT-JEE / PMT.The tension is mounting. Your nerves are strained to the limit ! You don't know what do and what not to. There is so much to be done in such a little time. You pick up one book, and then leave for the other. Ten minutes later, you find the next book also useless and want to go for the next.

WHAT TO DO ?

When the things start appearing so hopeless, catch our hand. You want to be an IIT-JEE / PMT and you'll need an expert help. You may then gain considerable advantage by our Checkmate.

CheckMate contains an optimal set of brain teasing problems meant to raise you to the very zenith of your preparation.

Launched a month before IIT- JEE / PMT (Checkmate - 1) and IIT-JEE / PMT (Checkmate - 2), it contains a problem package, three modular tests and two exhaustive on the spot rehearsal tests.

Our each class is an integrated format of Lecture, Test & Discussion (ILTD).

MORE DETAILS ABOUT

1. Fee
2. Study Centres
3. Holidays
4. Service Tax
5. Scholarships
6. Concession
7. Refund

1. Fee :

Fee | Study Centres | Holidays | Service Tax | Scholarships | Concession | Refund |

Fee :

The fee is to be paid by Cash / Bank Draft / Local Post dated Cheques only. The courses in which there is only one installment of fee, it is to be paid only through D.D. / Cheques in favour of "Narain Institute", payable at Lucknow.

The courses where there are more than one installments, the first installment is to be paid only by Cash / D.D. / Local Cheques & rest of the installment are to be paid by A / C payee post dated Local cheques at the time of admission only, the Institute shall not accept outstation cheques. However, the courses where registration money is required, it can be paid by Cash / D.D. / Cheques.

Fee Timings : 10 : 00 a.m. to 5 : 00 p. m. (Weekdays)

9 : 30 a. m. to 2 : 00 p. m. (Sundays)

Note :

If any Cheque is bounced for whatsoever reason, a fine Rs. 200/- will be charges separately from the student along with fee installment.

Study Centres :

IVth Floor, New Janpath Complex , Ashok Marg , Hazratganj , Lucknow.

Office Timings : 9 : 00 a. m . to 7 : 30 p. m. (Weekdays)

9 : 00 a . m . to 2 : 00 p. m. (Sundays)

Holidays :

Narain Institute will be closed on the following occasions in the year. Besides the holidays mentioned above, the Institute can declare any other holiday as & when required.

Republic Day	Annual Day (18 th June)
Holi	Gandhi Jayanti
Independence Day	Dusshera
Raksha Bandhan	Deepawali
	Id-UI-Fitr (Ramzan - Id)

Service Tax :

If at any point of time, the Central Govt. further increases service tax, (existing rate of service tax is 10.3%), the extra amount of service tax will be borne by the students from the date of enforcement of the act.

Scholarships :

Those students who take direct admission on the basis of % of marks are not given any concession / scholarship. If they want to avail scholarship in the form of concessional studies, they should compete through screening test besides enrolling direct admission.

All those courses where registration amount is deposited by a student & later on student becomes eligible for concession due to screening will not be given on registration amount. The concession will be on balance amount of fee.

No discount / concession is given on Registration amount.

CONCESSION :

- A. A student who has passed X / Inter from UP Board shall get admission / concession for any course by relaxing 5% marks then mentioned below for CBSE and other Boards.
- B. There will be no concession / discount on registration amount.
- C. If any student is eligible for concession due to merit / any other category he / she will get both types of concession.
- D. There will be no concession for academic courses.

Concession Criteria on Course Fee (Except Academic Course) is -

- 1. 40% Concession for securing the above 90% marks in Board Exam.
- 2. 35 % Concession for securing 90% marks in Board Exam.
- 3. 30% Concession for securing 85% marks in Board Exam.
- 4. 25% Concession for securing 70% marks in Board Exam.
- 5. 20% Concession for securing 60% marks in Board Exam.
- 6. 45% for Repeater Students.
- 7. 10% Concession in fee will be given to those students who have lost their father, and mother of student is the only single earning member of the family. Proper application in this regard will have to be submitted by the mother.
- 8. A student avail 5% Concession in the total course fee, if he / she pays entire course fee at the time of Admission.

Refunds :

- If any student pays the fee for any course and wants to withdraw / ask for refund before the commencement of classes / course then no refund of registration amount of screening test fee or the course shall be made under any circumstances whatsoever.
- If any student leaves the classes / institute after even 10 days from the date of commencement of the classes / course due to whatsoever reason, no refund of fee will be made under any circumstances.

CHECK LIST :

Along with form submit

1. Photocopy of Marksheet of qualifying exam.
2. 4 coloured photographs (passport size)
3. Fee
4. Signed post dated cheques if fee is to be deposited in installments.

Place

(Signature of the Student)

- Note : 1. It is compulsory to attach a Photocopy of Marksheet of the last Board Examination.
2. It is compulsory to attach three passport size Photograph along with the Form.

TERMS & CONDITIONS

1. The student who is enrolled with Institute will have to work hard regularly. In case, if the teachers feel that the student is not working hard, creating indiscipline in the Institute, irregular in attendance, not responding properly, he / she may be expelled from the Institute. The decision of the Director in this regard will be final and binding on the student. No fee or part of the fee will be refunded in such cases.
2. If any student absents himself/herself for more than 15 days continuously without prior written application, he / she may be deemed to be expelled from the Institute. No fee or part of the fee will be refunded in such cases. The decision of Director in this regard will be final and binding on the students and parents.
3. After depositing money towards registration screening test or course fee, if a student becomes disinterested or fails to join in the classes in the Institute due to any reason whatsoever and wants to take his/her money back, the Institute will not refund the money deposited towards registration / screening test or course fee. The registration money / fee deposited towards a particular course will not be adjusted against any other course is not refundable if a student doesn't join that particular course.
4. Incomplete form will be rejected. It is compulsory to attach photocopy of marksheet of class X / XII and passport size photograph to the admission form. The Institute reserves the right to use the photograph for publicity in case the student secures position / success in Medical or Engg. Entrance Exams. The student should also staple three extra photographs with the form.
5. The parents can meet Director / centre Manager for any enquiry about their ward progress or any other problem concerning their ward with the prior appointment only.

6. A student after qualifying screening test and taking admission at any centre of Narain Institute will be bound by the rules and regulations of that centre and in all matters whatsoever the responsibility will be of that centre only.
7. Students enrolled with Narain Institute have to provide photocopy of admit card of various Entrance examination as soon as they receive their admit cards from the examining body before during test series to be conducted in March failing which the student shall not be allowed to attend test series and will not be given papers of test series.
8. Each student will be issued an identity card. The entry in to the classes / Institute will be only with Identity card. If the identity card of a student is lost / misplaced, a duplicate I-card can be asked from the Institute against payment of Rs. 50/-. If any student is found missing the I-card, he / she will be re-issued from the Institute.
9. If any student is absent from classes without prior permission for more than 15 days, he/she will not be allowed to appear in the class tests and no test paper will be given to such student.
10. If at any point of time, the Central Govt. further increases service Tax, (existing rate of service tax is 12%) the extra amount of service tax will be borne by the students from the date of enforcement of the act by the Govt.
11. Narain Institute reserves its right to make any alterations in its programmes / fee without any prior notice to any body.
12. In case of any dispute, arising out of present terms and conditions, same shall be referred to the sole arbitrator to be appointed by the Proprietor of Narain Institute. The seat of arbitrator will be at Lucknow only. In any case if any matter has to go to the court, only Lucknow court shall have jurisdiction to decide such matters.
